- Softcover, printed on good white paper.

arhiSAH series

- [#0] Marian STERE, Valentin STOICA, Mihail MARIN – arhiSAH supliment. Many games, diagrams. Romanian language, figurine notation.
- [#1] Marian STERE, Mircea PAVLOV – Olimpiada de şah, Elista 1998 (= The Chess Olympiad, Elista 1998). 240 pages, 333 games, 321 diagrams, approx. 80 photos.
- #2 Marian STERE – Fr. Rujitki, Jocul şatranci, 1838. Prima lucrare de şah în limba română (= ... The first ever chess work in Romanian language) [RO-ABC #002]. 88 pages. Historical study + first ever full reprint of a manuscript of the first chess work in Romanian language, with cyrillic characters + translation in modern Romanian. A very interesting work, mainly for collectors, but also for historians.
- #3 Virgil NESTORESCU – Probleme și studii alese (= Selected Problems and Studies). 188 pages, +300 diagrams. Romanian language + explanations in English. A collection of selected problems and studies of the Romanian GMComp Virgil Nestorescu, illustrated with several photos.
- #4 Mircea PAVLOV – Cooperarea strategică între figuri. Construcția atacului (= Strategical co-operation), vol. 1. 152 pages, 202 diagrams.
- #5 Mircea PAVLOV – Cooperarea strategică între figuri. Construcția atacului (= Strategical co-operation), vol. 2. 104 pages, 202 diagrams.
In these 2 volumes, IM Mircea Pavlov, trainer of the Romanian olympic male team, presents his original strategical ideas about preparing the attack. Very useful for medium- and higher-rated players.
- #6 Gheorghe TELBIS – Cariera mea şahistă (= My chess career). A half of century of chess activity), 88 pp., photos, diagrams, indexes. The book presents the chess activity of Telbis, Romanian chess master, International master ICCF and master on chess composition. It contains crosstables from correspondence tournaments where Telbis have participated, 60 games (59 played by Telbis), 49 studies (43 by Telbis) + 7 problems (4 by Telbis), and a total of 90 diagrams.
- #7 Sahul în literatură (= Chess in literature), vol. 1. 160 pp. A selection of literary works of chess theme: Sim. Sam. Moldovan, Mihail Sadoveanu, Stefan Zweig, Adrian Maniu, Mircea Eliade.
- #8 Informationes speculativae et practicae de ingenioso et artificiali scruporum lusu SCHACH, vulgo sic nuncupato, ad methodum D. Philippi Stamma, 1784 [RO-ABC #001]. 72 pp. Full reprint. In Latin language. It is the first ever chess book printed on the territory of nowadays Romania. Now there are known only 4-5 copies all over the world.
- #9 Marian STERE – Wolfgang Pauly. Challenge of a Legacy. Provocarea unei moșteniri. The book, bound in coloured hard covers, is fully based on Pauly's original archives. It has 736 pages and is written (approx.) 50% in Romanian, 20-30% in English (many facsimiles), 20% (texts and many facsimiles) in German. There are very many images of original documents, letters, photos, first ever shown to chess world. The volume is structured as follows:
- Biography, pp. 10-141;
 - Problems by W. Pauly, pp. 142-505;
 - In memoriam W. Pauly tournaments, pp. 506-553;

- Articles by and about W. Pauly, pp. 554-573;
- Correspondence between W. Pauly and the great British problemist T.R. Dawson, pp. 574-695. Most photos of facsimiles of original letters written by Dawson. First ever published!;
- Briefly about Pauly theme, pp. 696-701;
- Addenda, pp. 702-729. Several more problems by Pauly and articles.

The book contains 1357 problems by Pauly (an important part are original!) and many others, reaching a total of approx. **1900 diagrams**.

- #10 Virgil NESTORESCU – **Miniaturi în alb și negru** (= Miniatures in white and black). 224 pp., +179 diagrams presenting 179 endgames studies with maximum 7 men, selected from the best works of Romanian composers. Short biographical information and photographs are presented for each of the 17 composers included in this volume. The explanation of themes are in Romanian and English. A 4-pages index by themes completes this work.
- #11 Valeriu PETROVICI, Marian STERE – **Radu Drăgoescu**. 150 pp., +184 diagrams presenting 184 selected compositions in various sections by Radu Dragoescu, a wellknown Romanian composer. Biographical information, photographs and reproductions of 10 paintings by Dragoescu (who was a good painter), as well as some other documents are presented to complete Dragoescu's life and activity.
- #12 Mircea PAVLOV – **Cooperarea strategică** (= Strategical co-operation), vol. 3. 396 pages. The last of the 3 volumes intended by author about strategical co-operation.
- #13 Marian STERE – **RO-ABC. Romania – A Bibliography of Chess. Bibliografia șahului românesc**.
The book is in English language (~ 95%!), with several small fragments in Romanian. RO-ABC is a comprehensive bibliography, covering all the Romanian chess books, magazines, regulations, tournament bulletins ever published, and most of the titles from literature and philately domain. Many miscellaneous items were added.
The items are arranged chronologically, in each chapter. For all the chess books and magazines, each title is illustrated with the image of the original front cover (as well as for many titles of tournament bulletins, regulations, literature, philatelia, miscellanea).
Around 800 entries, of which 663 numbered (613 being distinct items). Around 550 images: cca. 385 are covers of books/magazines, 40 signatures, 10 photos of authors etc.
300 pages, fully coloured, size 14x20 cm, hard covers, de luxe paper (115 gr.).
This is a *de luxe* **limited edition in 222 copies** (of which 72 are not for sale), **numbered and signed** by the author.
- #14 A. LERNOVICI – **“101” Probleme de șah [cu mat în două mutări premiate cu premiul I la diferite concursuri culese în cursul anilor 1923-26]**. 64 pages. Full reprint of Lernovici's 1927 book, the first chess problem book printed in Romania [**RO-ABC #011**].
Limited edition in 50 copies, numbered and signed by the editor (Marian Stere).
- #15 M[arin S.] A[NDREIAN] – **Manualulu Amatorului Jocului de Șah**. 46 pages. Full reprint of Andreian's 1882 handbook, the second chess book printed in Romania [**RO-ABC #004**].
Limited edition in 50 copies, numbered and signed by the editor (Marian Stere).
- #16 A. ALBIN – **Amiculă Jocului de Schach**. 50 pages. Full reprint of Albin's 1872 handbook, the first chess book ever printed in Romanian language, with Latin characters. **RO-ABC #003**.
Limited edition in 50 copies, numbered and signed by the editor (Marian Stere).
- #17 P. VASILESCU – **Elementele Jocului de Șah**. 104 pages. Reprint of the original 1903 book [**RO-ABC #005**].
Limited edition in 50 copies, numbered and signed by the editor (Marian Stere).
