Spectacular success of our ChessCafe Holiday Quiz solvers

Again our Danish and Swedish members achieved an outstanding success at the 11th edition of the ChessCafe Holiday Quiz: **Claes Løfgren** (1st/88 points) and **Calle Erlandsson** (2nd/88) were the top scorers, only the submission date of their solutions had decided. **Per Skjoldager** (3rd/87) and **Peter Holmgren** (4th/86) complete the successful quartet. **Peter Verschueren** (19th) and **Miquel Artigas** (25th) take further good places in view of a record participation of 166 contestants.

Calle Erlandsson has made a statistical analysis of the previous 11 competitions, here his table (pdf-file).

Congratulations to the top solvers and to all successful KWA participants!
