Article on Lewis Carroll

In last November, the University of Valencia hosted a [Jornada de Estudio](#) dedicated to *Alice in Wonderland*, ...

the 26th of November was the 150th anniversary of its publication in 1865. On this occasion our member José A. Garzón had prepared a presentation on the role of chess in *Through the Looking-Glass*, and he also came up with a solution of the chess problem in the preface which for one and a half century has created perplexity among critics and chess players. Here is his article in Spanish:
