CCI - 18th Biennial Convention Prague

Michael Negele
Michael Wiltshire, Franzensbad 2017

Dear Friends and Members of CCI

Our next international meeting will be in the beautiful central European city of Prague, the birth place of world champion Wilhelm Steinitz in May 1836. There is much history to be seen as Prague Castle dates from the end of the 9th century and the city flourished during the 14th-century reign (1346-1378) of Charles IV, Holy Roman Emperor and the king of Bohemia of the new Luxembourg dynasty. As King, Charles transformed Prague into an imperial capital and at that time it was the thirdlargest city in Europe after Rome and Constantinople.

We anticipate a high attendance for this meeting as many members and friends have already indicated their wish to participate. Early bookings are therefore advised, to take advantage of the special discounted room rates. Members of the Chess History & Literature Society, which is dedicated to the collection of chess books, are again cordially invited.

Yours Sincerely

*Michael Wiltshire
Chairman*
