Michael Negele turns 60

Michael Negele in Kórník, October 2015

On February 22nd our well-known member and former treasurer **Michael Negele** completed his 60th year. On this occasion the President of the German Chess Association, **Herbert Bastian**, has dedicated a laudation to him which has been published on www.schachbund.de. It can be found at <http://www.schachbund.de/news/ein-schachhistoriker-wird-60.html> (in German).

Personally (and I am confident that all founding members will agree) I have witnessed that Michael has been a driving force of the Ken Whyld Association as well ever since its birth, and his achievements and the value of his efforts can hardly be overestimated. So also from my side congratulations, wishing you good health and many pleasant years to come, my dear friend.

Bert Corneth.
