Vacant position as bibliographer

We are now looking for persons who are willing to contribute to the [Tobiblion project](#). We are especially looking for someone who has a keen interest in bibliography and would like to enter data on books into our system.

As a bibliografer you must obey to the rules on the classifications you are working on and must be meticulous and accurate when entering meta data and descriptions on books.

Our Tobiblion webmaster and advisory board, will facilitate instructions on rules and policies on the individual classifications. You must have your own scanner and IT equipment in order to fill the position.

Salary will be 2,- € for each fully described item, approved by the webmaster.

If you are interested, please contact the Tobiblion Webmaster at per@skjoldager.eu
