

## Belgian Chess Publications: an annotated bibliography

### Addenda and Corrigenda 2016

Dear members,

We are proud to announce the publication of a supplement to our 2011 bibliography: Addenda and Corrigenda 2016. As the title indicates, it contains a few corrections of the 2011 edition but above all a variety of publications (old and new) which we managed to unearth since then.

The booklet has 16 pages and is in full color. It has the same measurements (24 x 16 cm) as the 2011 softcover version of our book.

Price: **10 euro** (postage not included).

For those of you who would also like to buy the 2011 book simultaneously, we can offer **both** publications for the price of only **20 euro** !!! (until our stocks are depleted)

**Furthermore**, we are also looking for 7 interested persons who would like to subscribe to a bound luxury edition (half-leather) of the original 2011 book, which will also include the 2016 Addenda and Corrigenda. 10 such copies will be produced, each one signed and numbered.

The price of one such luxury edition will be **90 euro**. We will only proceed once we have received 7 orders.

Please let us know if you are interested in any of these offers.
