

*On August 14, the Amsterdam Chamber of Commerce officially notified us that it had accepted the following changes in the board structure of the KWF&A:*

*Chairman: Guy Van Habberney (Belgium)*

*Deputy-Chairman: John Donaldson (United States)*

*Treasurer: Michael Clapham (United Kingdom)*

*Publications: Bert Corneth (the Netherlands)*

*ICT: Andreas Saremba (Germany)*

*As a matter of fact, the abovementioned are members of two identical boards : the board of the 'Vereniging' (= Association with voting members) KWA and the board of the 'Stichting' (= Foundation, without members) KWA. The Vereniging guarantees the democracy and provides the (financial) means (i.e. mainly subscription fees) to the Stichting, and the Stichting is authorized and able to act in the relation to other parties.*
