About the Laska Evening at Brunswick

In the run-up to this year's spring auction in Brunswick the auction house Klittich-Pfankuch had invited to a Laska evening, to be held on Friday, 18 June 2010, in the well-known auction hall. Our member and Laska expert Prof. Wolfgang Angerstein made a major contribution to this successful event by giving a paper on Laska and Lasker, and he also accompanied the participants of the following Laska lightning tournament. Finally our host delighted the palates and the hearts of the guests with a new special edition of fine wine (this time with a Laska/Salta label) - verified by several entries in the guest book too.

Here you can have a look at Wolfgang Angerstein's Powerpoint presentation (with 46 slides) as [PDF \(3.8 MB\)](#).

You will find additional photos of the evening, also supplied by Wolfgang Angerstein, in this [picture gallery](#).

PS (21/07/2010): Dr. Karl Klittich has sent us a series of additional pictures, you will find a selection (22 photos) in the following [Gallery](#).
