In Memoriam Alex Crisovan

In Memoriam Alex Crisovan

* 02/10/1919 (Békéscsaba, Hungary)
† 28/11/2012 (Pfäffikon, Switzerland)

Our Swiss member **Alex Crisovan** passed away only a short time after his 93rd birthday. He was the second eldest member of our association (after Billy Levene). Michael Negele has contributed a short note of remembrance and two new photos:

"... Alex was for more than 75 (?) years a significant figure in the chess scenery, especially in Switzerland. [He came to Switzerland as a 13-year-old boy. (R.B.)] Personally I met Alex Crisovan for the first time during the Chess Olympiad 1988 in Thessaloniki, there he impressed me a lot by all his knowledge about chess history. Later we visited Alex and Maria at their nice home in Pfäffikon, and I was amazed (my wife was shocked) by all these chess books amassed in the second flat. Our book project (German translation of Bronstein's book of Neuhausen/Zurich 1953) was overcome by history – the Sportverlag Berlin published a (significantly shortened) translation in 1991. (Ein weiterer R(h)einfall - he who comes too late will be punished by life ...)

Below you find a photo taken on a tour to the Rhine fall in 1990 (a view from the Neuhausen side), my wife Marion, Alex and Maria Crisovan:

Later on I met Alex again at the San Bernardino tournament (in 1994), and his wife and he joined our KWA meeting at La Tour-de-Peiltz in 2006 (see photos below). There he still was in splendid condition, especially his mind was sharp. It makes me happy, that this stage of consciousness was donated to him till the very end. Keep well, dear Alex, in the next world."
