## In Memoriam Billy Levene

With Hope in a chess gown! (New York 2007)

### **Dr. Benjamin (Billy) Levene**

**\* 16 February 1918 † 4 November 2015**

Our eldest member, Dr. Benjamin (Billy) Levene passed away at the age of 97 already in last November, as we learned only a few days ago.

Billy Levene has been first and foremost a collector of chess sets and books, so he has especially campaigned for the Chess Collectors International (CCI USA). Once he has also visited a general meeting of the KWA, when the latter took place in [New York City, 2007](#). On another occasion, the great chess exhibition in [Hamburg 2005](#), organized by the CCI group, we met him with his wife Hope in Germany. Some years ago he has been included in the page [Our Doyens \(Unsere Nestoren\)](#) - please scroll down to the bottom of that page - where you will find more biographical details and photos of the deceased. An obituary was published in [CCI-USA News Vol. 2016 Issue 1](#) on page 3 (PDF, 3.6 MB).

We add a few photos of Billy with his wife Hope:
