Isaak Maxovich Linder \* 20 November 1920 † 31 October 2015

Again one of <u>our doyens</u> has passed away: Isaak M. Linder, the famous Russian chess historian and author of countless chess books died shortly before his 95th birthday. There is a short tribute (<u>in Russian</u> / <u>in English</u>) and a <u>notice of his death</u> (in English). We will still provide a more detailed obituary.
