KWA members successful at the ChessCafe Holiday Quiz

Again a success of our quiz solvers!

Our Nordic members achieved a remarkable success at the 10th edition of the [ChessCafe Holiday Quiz](#): this time the top trio is formed of **Claes Løfgren** (in first place), closely followed by **Knud Lysdal** (2nd) and **Per Skjoldager** (3rd), completed by **Calle Erlandsson** (4th) and **Miquel Artigas** (8th) – so five KWA members can be found among the top ten, a fine recommendation for our association.

Calle Erlandsson has made a statistical analysis of the previous 10 competitions, here his [table](#) (pdf-file).

Congratulations to the top solvers and to all successful KWA participants!
