On Friday 24th November the viewing for the 73rd chess - auction will take place in Braunschweig, Theaterwall 17. After the official viewing in the auction room all chessfriends are invited to have some snacks and refreshments in order to get fit again for the presentation of Mr. Wolfgang Pähitz (Jena/Germany) with his brand new book about Damenschach in Ostdeutschland (see <http://paehtz.eu/Veroeffentlichungen>) which will start at approx. 17:30 p.m. Afterwards we've a contribution from Mr. Herbert Bastian (https://de.wikipedia.org/wiki/Herbert_Bastian) about the latest details of his recent "Chapais research".
