New KWA Statutes

As already announced, the KWA plans to reorganize this year into a **Foundation and Association** (a split stipulated by the Dutch law). Guy Van Habberney as well as Bob van de Velde have prepared the corresponding papers in English and Dutch, the latter are intended for the registration at the Amsterdam notary. Beforehand our members will have the opportunity to familiarize themselves with the texts of the new statutes and to comment / amend them where appropriate. You will find the texts linked in our [Member section – Documents](#). At our general meeting in Braunschweig on 22 November 2013 the texts will be due for approval by our members.
