New Literature by Tony Gillam

 A. J. Gillam - Paul Felix Schmidt - frontcover

Two more publications by Tony Gillam have appeared. The first is another booklet (number 111 already) in the series Rare and Unpublished Chess Tournaments and Matches. It covers tournaments held during 2016 in Amsterdam, Arnhem, Budapest, Utrecht and Vienna. The second is a collection of games, many with notes, of Paul Felix Schmidt, including a career record and brief biography. Schmidt was one of the world's strongest players in the early 1940s. Please note that this is not the book originally intended. Another book on Schmidt will be published soon by Michael Negele.

More details on the two books by Tony can be found in the [Members' Publications section under Tony Gillam](#).
