Sought after: photos of Susan Polgar from the period 1973-1995!

Enquiry of our member Lawrence Totaro, Las Vegas:

A person from London is directing a movie regarding Susan Polgar's life and she needs photographs from **1973 - 1995** which offer Susan playing chess in tournaments or anything regarding her family. Is it possible to go through your archives and provide any photos or can you e-mail other collectors in hopes of securing scans from their collections?

If you can send anything from magazines or books please let me know and do quote the source so she may obtain permission from their respective photographers.

Yes, I have confirmation from the documentary that will be directed regarding Susan Polgar.
... please offer exact quotes with sources so I can send them to the director with proper acknowledgement.

Please mail to: lasker27@hotmail.com (Lawrence Totaro)

Many thanks in advance.
