The date of Rubinstein's death 2

Our member Alan McGowan has sent us a reaction on the question of the correct day of the demise of Akiba Rubinstein. The question was put forward by Mr. Philip Jurgens (Ottawa, Canada) and commented by our member John Donaldson (see the contribution on 2021-08-30: [The date of Rubinstein's death](#)). Alan asks:

"Could you perhaps induce a Belgian member of CH&LS to look at the newspapers of the day; a death notice would help solve the issue. Or, going to the heart of things, acquire a copy of the death certificate?"

Well, this sounds like a challenge to our Belgium members! Who of them meets this challenge?
