

Persons celebrating an Anniversary in September 2010

This month we have to mention only three birthdays, the trio is led by **Eric Fisher** from the English town of Hull who looked back on a $\frac{3}{4}$ century on September 7th.

Nearly exactly 10 years younger is our Canadian correspondence chess expert **J. Ken MacDonald** who reached the "65" on next day (8th of September). Lastly he still appeared on the group photo reproduced in our *Chess Stalker Quarterly 1*, on this occasion we remind once more of his works as a chess author ([Publications of our members](#)).

Our German member **Hans Ellinger** (Tübingen) – we already know him from the 2007 and 2009 column – celebrated his 71st birthday on September 26th. With regard to his *Tübinger Beiträge* we submit a review by Taylor Kingston published 2003 at ChessCafe.com: www.chesscafe.com/...

Congratulations!

PS: You will find all previous birthday greetings in our [archives](#)!
