

Persons celebrating an Anniversary in November 2010

This November we have to mention exclusively three senior (and honorary) members, once again we start with our Belgian study expert **(Ed)Ward Stoffelen** who completed the "76" on November 16th. He had still joined in our general meeting at Antwerp, to this see the corresponding [picture galleries](#).

Isaak M. Linder celebrated a special jubilee, on November 20th he looked back on nine centuries. This year again he has – together with his son Vladimir – enlarged the list of his publications: with *Emanuel Lasker: 2nd World Chess Champion* (Russell Enterprises, 2010) a modern Lasker biography is now available in English.

From the Lower Saxon town of Bad Pyrmont **Uwe Durst** is with us again, he turned 76 on November 25th.

Congratulations!

PS: You will find all previous birthday greetings in our [archives](#)!
